The Special Task Force to Facilitate Business

MEDIA RELEASE

PEMUDAH INTRODUCES MyCoID ***JUST ONE NUMBER TO DO BUSINESS WITH GOVERNMENT***

PEMUDAH – the country’s special task force dedicated to facilitate all aspects of doing business in Malaysia – has initiated a single number reference, called MyCoID as of 1 July 2009 for 5 Agencies; therein in stages for all remaining Agencies there from.

MyCoID is a standard identification number of a business entity for use in its interaction with Government agencies. It is the Companies Commission of Malaysia (CCM) business registration number for companies, sole proprietors and partnerships.

New businesses registering with CCM from 1 July 2009, can use the MyCoID when registering with the following five (5) agencies:

- **Inland Revenue Board (IRB);**
- **Human Resource Development Fund (HRDF);**

- **Employees' Provident Fund (EPF);**
- **Royal Malaysian Customs (RMC); and**
- **The Social Security Organisation (SOCSO).**

Existing companies (those registered before 1 July 2009) will be able to use their registration numbers as their MyCoID when dealing when dealing with IRB, EPF, and HRDF from 1 September 2009. However, for RMC and SOCSO, these companies can only use their CCM registration numbers as their MyCoID from 1 January 2010.

Full implementation of MyCoID by all 5 agencies is expected on 1 January 2010.

MyCoID will replace all other identification numbers required for businesses when dealing with the different Government agencies. With the exception of payment, in the initial phase the MyCoID can be used by new businesses for all other services from the five (5) agencies. These services, however, are only confined to over the counter and telephone services.
